

ASSOCIATE TECHNICAL ARTS DIRECTOR

Job Description

General

Job Type: Part Time - 25 hrs/wk
Ministry Area: Technical Arts
Reports To: Technical Arts Pastor

Position Summary

This position is responsible for aiding the Technical Arts Pastor with equipment maintenance, projects and setup for weekend services as well as leading the Production in one of our multisite venues each week. This position also works directly with the Student Ministries department to lead the Technical Arts ministries for Elevate.

Core Responsibilities

1. Process and archiving weekend service videos for review purposes and archiving locally.
2. Maintain and repairing equipment in any StoneBridge worship venue as needed.
3. Aid the Technical Arts Pastor with Technical and IT related projects as needed.
4. Prepare the 2 venues for weekend services (build ProPresenter, set stage and patch inputs, configure Ableton rig).
5. Oversee the weekend worship tech rehearsal and service in assigned venue.
6. Recruit and train Technical Arts volunteers.
7. Prepare the Auditorium stage, Ableton rig and consoles for Wednesday night Elevate services.
8. Oversee the tech rehearsals and services for Elevate services.
9. Support the Elevate multisite services with technical issues as needed.
10. Operate the sound console for Elevate to ensure a high quality audio experience.
11. Encourage and equip Elevate Technical Arts team members.

Competencies

1. Ability to thrive in a team-based environment.
2. Teachable, responsive, and respectful of authority.
3. Ability to train and encourage a volunteer team.
4. Ability to produce live events in small to large environments.

Qualifications

1. A stable, growing believer with a clear understanding of the Gospel and the ability to communicate it.
2. A commitment to spiritual integrity and artistic excellence.
3. A Commitment to the community of StoneBridge.
4. An individual that is in agreement with StoneBridge's doctrine, mission, and values.
