

# MEXICO MISSION TRIP

FEBRUARY 14 - 18, 2020

## OVERVIEW

Join us in building a home for a family in need in Puerto Peñasco, Mexico. These are families that have applied for and been approved by our mission partner Amor Ministries. All labor is done manually without power tools, cement mixers, etc. This helps us demonstrate to the family and others that they can build and make improvements without needing power tools. Many of these areas don't have any electricity, making these skills crucial. Along with our labor, our goal is to develop a relationship with the family and others who live nearby. Most importantly, we want to show them Christ's love in the short time we are with them. We will also enjoy working and serving together. The best feeling is handing over the keys of their new home to the family!

**Save the Date:** *February 14-18, 2020*

The base cost of the trip is \$385 + airfare (estimated between \$400-\$500) per person. Final costs depend on when you register. During travel, there will be (4) meals at your own expense. Raising support is encouraged to help with trip costs. A sample letter of support is available upon request.

## PLANS

### Travel Plans:

We'll fly from Omaha to Phoenix. You have a choice to fly out early Friday morning or later Friday afternoon. You are going to be responsible to book and pay for your airline ticket. We will be providing the flight information (*months out*) of our trip leaders so if you would like to fly out with StoneBridge members you are welcome to. If you arrive later than **7p** in Phoenix you will be responsible for your transportation to the facility where we are staying on Friday night.

We will get up early Saturday morning and drive to Puerto Peñasco, Mexico in 15 passenger vans. The drive takes approximately 5 hours. Saturday through Monday we will build the house. Then, we will drive back to Phoenix on Tuesday, leaving Puerto Peñasco, in the morning.
